COLLINS

AVENUE

A Miami Beach Retail Revival

Retail Returns to Collins Avenue

Once known as Miami's Fashion District, Collins was anchored by Saks Fifth Avenue and other department stores — a SoHo by the beach. By 2016, as Lincoln Road peaked, the spotlight shifted north and inland to Wynwood, the Design District, and Brickell. Between 2020 and 2021, those markets surged while South Beach slipped from focus.

Today, the momentum has returned to Collins. From 22nd Street to South of Fifth, it's where locals and visitors meet, and where the city's energy is centering once again.

At the intersection of local and tourism.

This stretch brings together everyday stops for locals — from dining to fitness to essentials — with brands and experiences that attract visitors. It's the part of South Beach where neighborhood life and tourism naturally intersect.
